

# Roll a Fraction

Roll the dice and colour the fraction.

If playing with 2 players, the first person to get 4 in a row wins!

A net of a rectangular prism. It consists of six rectangular faces. The top face is labeled  $\frac{1}{4}$ . The middle row consists of three faces, each labeled  $\frac{1}{2}$ . The bottom face is labeled  $\frac{1}{4}$ . There are four trapezoidal tabs for gluing: one on the top face, one on the left face of the middle row, one on the right face of the middle row, and one on the bottom face.

$$\frac{1}{4}$$

$$\frac{1}{2}$$

$$\frac{1}{2}$$

$$\frac{1}{2}$$

$$\frac{1}{4}$$

$$\frac{1}{4}$$
